Mentorship for Success program

The mission of Mentorship for Success is to help high-potential young Romanians (ages 14-23), interested in studying abroad and building a successful international career, develop and realize their vision for success by connecting them with accomplished professionals with international education and work experience. Our program objectives are to:

- Provide guidance to high-potential young adults (mentees) on educational and professional development
- Facilitate access to resources and information that allow mentees to successfully meet their personal objectives
- Help mentees overcome hurdles and stay focused on reaching their goals

Description of position

Mentorship for Success is looking for self-directed and enthusiastic people to lead the rollout of the program to partners, mentors and mentees globally. As a member of the team, you will have the opportunity to work with highly talented Romanians across the globe and develop relationships with high-profile organizations. You will have flexible working hours but you should be comfortable managing your own schedule and working in the evening or on weekends.

The position will give you the opportunity to develop your marketing and organizational skills as you will lead initiatives to build our presence online and to grow our partner network. We want people who can drive results quickly and want to make a positive change in the lives of young, high-potential Romanians.

Candidates should be located in Bucharest, Romania and should be comfortable in liaising with partners in Bucharest as well as working remotely with team members, mentors and mentees across the globe.
